WHO WE ARE

Lamer Capital is an esteemed global investment advisory platform based in Dubai. We currently hold a CAT 3C license from the regulator (DFSA) that permits us to engage in investment and asset management activities. With a wealth of collective experience spanning over a century, we introduce you to an open architecture platform that distinguishes itself with a strong emphasis on D I V E R S I T Y. As a fiduciary to our clients, our commitment to transparency, discipline, and integrated advisory is unwavering throughout all our offerings. Our specialised services are meticulously tailored for individuals, families, and corporations with substantial financial portfolios.

Our Purpose

In a world with lack of trust especially towards financial partners, at Lamer, our purpose to Establish this TRUST with our clients, employees and channel partners.

Our Vision

Our Vision is to help our clients transition from being Rich to Wealthy. To help further this Vision, we today do not charge any asset management fee to our clients, and only share profits after a hurdle rate.

Our Goal

Our aim is to generate monthly dollar based cashflow for our clients, irrespective of the market conditions. We aim to have satisfied clients, by providing them comprehensive financial services and helping them effectively manage and grow their wealth.

HOW WE MANAGE INVESTMENTS

INVESTMENT STRATEGY

We at Lamer Capital Limited aim to generate monthly dollar - based cash flow for our clients, irrespective of the market conditions using a structured product strategy across Equity, FX and Commodities. At Lamer Capital, we have developed a distinctive approach to investing built upon our unwavering commitment to helping you achieve your financial goals. Our strategies are a thoughtful blend of personalized approaches, risk management, and a long-term perspective.

OUR EQUITY/FX/COMMODITY SELECTION PROCESS

- We utilize the Bloomberg Quant to assign stocks a numerical score ranging from 0 (bearish) to 10 (bullish).
- Subsequent to scoring, we conduct a detailed fundamental analysis to narrow down the selection of stocks.
- We accomplish the determination of entry and exit levels for the selected stocks by implementing an additional quantitative system.
- This is followed by proprietary technical analysis to strategically time the markets.
- The execution happens using structured products to give better risk-adjusted returns.
